YOU IMAGINE. IWATA PERFORMS. YOU CREATE.

iwata MEDEA

ANEST IWATA-MEDEA, Inc.

Since 1982 we've had one purpose: to create a great experience for the inspired makers and creators of the world. We do this by developing and providing the very best creative products including Iwata airbrushes and airbrush compressors, Artool products, Createx Colors and Medea products. Then we back them up with industry leading service and support. Read on to see the products we are so passionate about.

What will you create?

WHO SPRAYS WITH ABSOLUTE PRECISION?

Makers and creators who...

Are painting with fine to extreme detail and scale

Are using thin spray material or who are skilled at reducing paint for optimal flow

Have high level airbrush skills | Know how to care for and maintain airbrushes

Still not sure which brush is for you? Visit www.iwata-airbrush.com and take our Airbrush Selector Quiz.

IWATA 5 WAYS TO SPRAY TOTAL CONTROL™

Offering total control for fine detail to medium spraying, Iwata's Hi-Line and High Performance Plus Series airbrushes are designed around the legendary Iwata HP Series which established the Iwata name in the creative community over 50 years ago. Hi-Line Series airbrushes feature a Micro Air Control (MAC) Valve that enables incremental control of the airflow. Using the MAC Valve, you can easily restrict the airflow to create stipple effects.

IWATA 5 WAYS TO SPRAY ALL-STAR VERSATILITY™

The unique multi-purpose, high flow Iwata Eclipse Series airbrushes are designed to easily atomize heavier sprayable mediums from a controlled fine line to controlled wide spray. This makes Eclipse Series highly versatile and suited to almost any project. Eclipse's compression-fit nozzle is easy to clean and assemble. Hugely popular, Eclipse Series is the ultimate in all-star versatility.

Airbrush Selector Quiz

With five categories of spray excellence and so many great airbrushes to choose from, which one is right for you? Take our Airbrush Selector Quiz for a personalized recommendation in just five questions and learn about feed style options. Which are you most hungry for?

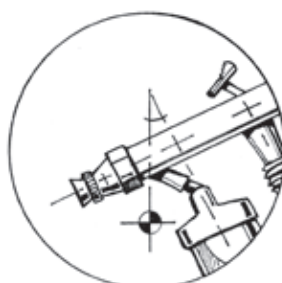

GRAVITY FEED

Our most popular feed style that uses very little paint to operate

SIDE FEED

Allows maximum visibility using various cups or bottles

SIPHON FEED

Use with multiple bottles and larger volumes of spray material

Airbrush Parts

An airbrush is only a true Iwata when it contains genuine, precision crafted, Iwata parts. Our Airbrush Parts Finder makes it easy to order the correct part every time, whether you need to find a replacement lid or to stock up on a few extra needles and nozzles — which we highly recommend.

IWATA AIRBRUSH COMPRESSORS

Once you've found your airbrush, the next step is to choose an air source. Iwata offers a comprehensive assortment of airbrush compressors, from mini, light-duty models to powerful, full featured options. Since each airbrush has an optimal working pressure — the air pressure used when spraying — we've made it easy to pair it with a compressor in that same working pressure range.
